

# Unit 1: Present Tenses

---

## **Context: Climate Change and Global Weather Patterns**

In this unit, we explore Present Tenses through a deep dive into Climate Change and Global Weather Patterns. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 2: Past Tenses

---

## **Context: The History of Human Exploration**

In this unit, we explore Past Tenses through a deep dive into The History of Human Exploration. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 3: Articles and Quantifiers

---

## **Context: The Biodiversity of Rainforests**

In this unit, we explore Articles and Quantifiers through a deep dive into The Biodiversity of Rainforests. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 4: Comparatives and Superlatives

---

## **Context: Engineering Marvels of the Modern World**

In this unit, we explore Comparatives and Superlatives through a deep dive into Engineering Marvels of the Modern World. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 5: Conditionals (0, 1, 2)

---

## **Context: Hypothetical Scenarios in Theoretical Physics**

In this unit, we explore Conditionals (0, 1, 2) through a deep dive into Hypothetical Scenarios in Theoretical Physics. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 6: Modals of Ability and Obligation

---

## **Context: The Evolution of Medical Technology**

In this unit, we explore Modals of Ability and Obligation through a deep dive into The Evolution of Medical Technology. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 7: The Passive Voice

---

## **Context: How Historical Monuments are Preserved**

In this unit, we explore The Passive Voice through a deep dive into How Historical Monuments are Preserved. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 8: Relative Clauses

---

## **Context: Biographies of Influential Artists**

In this unit, we explore Relative Clauses through a deep dive into Biographies of Influential Artists. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 9: Reported Speech

---

## **Context: Interviews with Global Leaders**

In this unit, we explore Reported Speech through a deep dive into Interviews with Global Leaders. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 10: Future Forms

---

## **Context: Predictions for Urban Planning**

In this unit, we explore Future Forms through a deep dive into Predictions for Urban Planning. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 11: Gerunds and Infinitives

---

## **Context: The Psychology of Habits**

In this unit, we explore Gerunds and Infinitives through a deep dive into The Psychology of Habits. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 12: Prepositions of Time and Place

---

## **Context: Astronomy and Planetary Motion**

In this unit, we explore Prepositions of Time and Place through a deep dive into Astronomy and Planetary Motion. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 13: Adverbs and Adjectives

---

## **Context: Describing Natural Phenomena**

In this unit, we explore Adverbs and Adjectives through a deep dive into Describing Natural Phenomena. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 14: Linking Words

---

## **Context: The Impact of Globalization on Culture**

In this unit, we explore Linking Words through a deep dive into The Impact of Globalization on Culture. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.

# Unit 15: Complex Sentence Structures

---

## **Context: The Art of Storytelling in Literature**

In this unit, we explore Complex Sentence Structures through a deep dive into The Art of Storytelling in Literature. You will read an authentic text, identify the usage of the grammatical structure, and complete exercises that solidify your knowledge.

**Rule Highlight:** Explanation boxes here break down the specific grammar rules identified in the reading context.

**Practice:** Graded exercises based on the theme of the reading.
